MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY STRUCTURE & DEVELOPMENT

As the tourism being one of the important and leading industries plays a vital role and also ensures the strong presence of India in Global Scenario. The Industry also provides substantial growth to the country across various socio-economic segments with a strong platform for generation of Foreign exchange. The present industry is facing challenges as there have been many footfalls in the inbound tourism lately, As the consequence arrivals from abroad have been drastically reduced.

The COVID-19 pandemic has spread with alarming speed, infecting millions and bringing economic activity to a near-standstill as countries imposed tight restrictions on movement to halt the spread of the virus. While the ultimate outcome is still uncertain, the pandemic will result in contractions across the vast majority of emerging market and developing economies. Beyond the staggering economic impact, the pandemic will also result in a severe and long-lasting socio-economic outcome that may well weaken long-term growth prospects (steep fall in investments, the erosion of human capital and labor productivity, ruptures of trade and supply linkage and thereby potential output.

While the impact of COVID-19 spans across sectors, travel and tourism is among the most affected one with airplanes grounded, hotels closed and travel restrictions put in place in virtually all countries around the world, which has cut international tourist during the year.

Given various travel restrictions imposed by the Indian government as well as governments across the globe, forward bookings for various conferences and leisure travel bookings to foreign destinations have already been cancelled. In India, most of the summer holiday bookings (for the states of Kerala, Rajasthan and Goa) have also witnessed cancellations, thereby impacting domestic tourism.

Accordingly in order to provide extra attractions to the incoming tourists, the Company has planned several VALUE ADDED offerings and expects an appreciable outcome with such plans.

SEGMENT –WISE PERFORMANCE

During the year due to impact of Covid only 16.74 % of total revenue came from tour operations and from Gems and jewellery business involving traded in precious and Semi precious stones and Construction which consist of 82.75% of total revenue. The Company has earned total revenue of Rs. 121.89 Lakhs as compared to Rs. 225.13 Lakhs as in previous year. There Profit after Tax (PAT) for the financial year 2021-22 is Rs. (23.17 Lakhs) as compared to the previous financial year PAT Rs. (331.76 Lakhs)

OUTLOOK, OPPORTUNITIES AND THREATS

Despite high level and aggressive thrust both from the State side and also the tourism related Agencies no one can be sure as to the actual levels of tourists' inputs in the coming season, still struggling for substantial growth. However, uncertainty is never a threatening point for the entrepreneurs with intrinsic business acumen and challenge loving Executives.

RISK & CONCERNS

Tourism is considered to be quite sensitive to socio-political situations in a country. Hence basically being a seasonal business; lower revenues in the non peak season do make significant dents in the revenues and call for quite a discreet spending under various heads of expenditure. Our business is closely associated with the macro environment that impacts the consumers' spending power. The COVID-19 pandemic has not only led to global health and safety concerns, but has also thrown many

economies into slowdown. We have taken several measures to combat the temporary effects of the pandemic on our businesses. To mitigate health and safety concerns of our consumers and our staff, there has been increased focus on online interactions with minimal physical interaction. Your Management hence has been monitoring the situation both from quantitative and availability point of view. Course corrections are implemented which are definitely beneficial to achieve the growth.

INTERNAL CONTROL SYSTEMS

The Company has built adequate systems on Internal Financial Controls towards achieving efficiency and effectiveness in operations, optimum utilization of resources, and effective monitoring thereof as well as compliance with all applicable laws. The internal control mechanism comprises a well-defined organisation structure, documented policy guidelines, predetermined authority levels and processes commensurate with the level of responsibility and that same are adequate and operating effectively. The Audit Committee reviews the reports of the Internal Auditors and monitors the effectiveness and operational efficiency of these internal control systems. The Audit Committee gives valuable suggestions from time to time for improvement of the Company's business processes, systems and internal controls.

FINANCIAL PERFORMANCE

The annexed Balance Sheet has given the members, the Company's performance in the year under report.

HUMAN RESOURCES MANAGEMENT

The Company's belief in trust, transparency and teamwork improved employee efficiency at all levels. The Company's commitment to harmonious industrial relations resulted in enhancing effectiveness of operations and enabled the achievement of international benchmarks in tourism business. The company's ongoing objective is to create an inspirational work climate where talented employees engaged in creating sustained value for the stakeholders. Training and orientation programs are being arranged periodically, to update the employees in the work techniques. The overall human resources are positive and we would be able to effectively achieve the desired objectives. The Company has developed an environment of harmonious and cordial relations with its employees. As on March 31st, 2022, the Company has a total of 5 full time employees across all its business segments.

CAUTIONARY STATEMENT

INDEPENDENT AUDITORS' REPORT

To The Members of Yaan Enterprise Ltd
(Formerly known as 'Crown Tours Limited')

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of Yaan Enterprise Ltd (Formerly known as 'Crown Tours Limited') ("the Company"), which comprise the balance sheet as at March 31, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of changes in Equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. (hereinafter referred to as 'financial statement').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the **Companies Act, 2013** ('Act') in the manner so required and give a true and fair view in conformity with the Indian accounting standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss, total comprehensive income, changes in equity and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the financial statement in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard as no other information as described above has been made available for review.

Management's responsibility for the financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we

are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Yaan Enterprise Ltd (Formerly known as 'Crown Tours Limited') ("the Company") as of 31 March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

B. Basis of preparation

1 Statement of Compliance

These financial statements are prepared on accrual basis of accounting and comply with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto, the Companies Act, 2013 (to the extent notified and applicable) and applicable provisions of Companies Act, 1956. These financial statements were authorized for issue by the Board of Directors on 28 June 2021.

2 Basis of Measurement

The financial statements have been prepared on historical cost convention except for revalued costs and following material items which have been measured at fair value as required by Ind AS.

- Certain financial assets and liabilities measured at fair value

3 Functional and presentational currency

All amounts included in the financial statements are reported in Indian Rupees, unless otherwise stated. Due to rounding of, the numbers presented throughout the document may not add up precisely to the totals and percentage may not precisely reflect the absolute figures.

4 Current and Non Current Classification

The company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.

A liability is classified as current when it is:

- Expected to be settled in normal operating cycle,
- Held primarily for the purpose of trading,
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
- All other liabilities are classified as non-current

5 Application of new Indian Accounting Standards

All the Indian Accounting Standards issued under section 133 of the Companies Act, 2013 and notified by the Ministry of Corporate Affairs (MCA) under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are approved have been considered in preparation of these Financial Statements.

6 Standards issued but not yet effective

The Ministry of Corporate Affairs (MCA) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022. However, the company does not expect the amendments to have any significant impacts in its financial statement.

C Significant Accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

1 Property, Plant and Equipment

1.1 Initial Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses (if any). Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.

1.2 Subsequent Costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that the future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

1.3 Depreciation

Assets are depreciated using written down value method over the estimated useful life of the asset as specified in Part "C" of Schedule II of Companies Act, 2013 after retaining residual life of 5% of original cost. Assets residual values and useful lives are reviewed at each financial year end considering the physical condition of the assets.

1.4 De-recognition

An item of Property, Plant and Equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains or losses on disposal/ transfer/ de-recognition of item of Property, Plant and Equipment are determined as difference between net sale proceeds and the carrying amount of Property, Plant and Equipment and is recognized in the Statement of Profit and Loss.

2 Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets are amortised on a straight line basis over their estimated useful lives from the date that they are available for use.

The estimated useful lives of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any. At present, the estimated useful live for 'Web portal' held as intangible asset by the company is 10 yrs.

3 Inventories

Inventories are valued at the lower of cost and net realizable value except scrap, which is valued at net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The cost of inventories comprises cost of purchase, cost of conversion and other cost incurred in bringing the inventories to their respective present location and condition. Cost is computed on the weighted average basis. Company's stock in trade includes precious and semi precious stones.

4 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, cash at banks and shortterm deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

5 Foreign Currency Transactions and Translations

Transactions in foreign currencies are initially recorded at the functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in Statement of Profit and Loss in the year in which it arises.

6 Borrowing Costs

Borrowing costs specifically relating to the acquisition of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporarily deployment of funds) as part of the cost of such assets. Borrowing cost consists of interest and other cost that the company incurs in connection with the borrowing of funds. All other borrowing costs are recognized in the Statement of Profit and Loss as expense in the period in which they are incurred.

7 Taxation

Income tax expense comprises current tax and deferred tax (including MAT). Current tax expense is recognised in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in other comprehensive income or equity.

Provision for current tax is made on the basis of the assessable income at the tax rate applicable to the relevant assessment year.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised.

Deferred tax is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in OCI or equity, in which case it is recognized in OCI or equity.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

MAT (Minimum Alternate Tax) is applicable to the company. MAT paid in the year is charged to the Statement of Profit and Loss as current tax. MAT credit available is recognized as an asset only to the extent, there is convincing evidence that the company will pay normal income tax during the specified period i.e. the period for which MAT credit is allowed to be carried forward. The company reviews the MAT credit entitlement at each balance sheet date and writes down the carrying value of MAT credit entitlement to the extent that there is no longer convincing evidence to the effect that company will pay normal tax during the specified period.

8 Provisions and Contingencies

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the notes to the financial statements. Contingent liabilities are disclosed on the basis of judgment of management/ Independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

9 Revenue

The Company derives revenues primarily from business of Tour and Travel services and sale of precious/semi precious stones. Income from operations like service charges, commission, marketing charges, and receipts from customers are accounted for on accrual basis. Revenue from other income comprises interest received and gain on sale of investments.

Sale of Services

Arrangements with customers for tour and travel related services are on a fixed-price basis.

Revenue from fixed-price contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of-completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity.

Revenues in excess of invoicing are classified as contract assets (which we refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which we refer to as unearned revenues). There are no Contract Asset and Contract Liability at year end.

In arrangements for Tour and Travel services, the Company has applied the guidance in Ind AS 115, Revenue from contract with customer, by applying the revenue recognition criteria for each distinct performance obligation. The arrangements with customers generally meet the criteria for considering tour and travel service contracts as distinct performance obligations. For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the company is unable to determine the standalone selling price, the company uses the expected cost plus margin approach in estimating the standalone selling price. For tour and travel services, the performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

There are no remaining performance obligations of the company at the year end.

Sale of Goods

Revenue from sale of Gems and Jewellery items is recognised at the time the control is transferred as per the terms of the contract and goods are made available to the customer consisting no significant uncertainty regarding the amount of the consideration that will be derived from the sale of goods. It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Interest Income

Interest Income is recognised using effective interest method.

10 Employee Benefits

Short term Employee benefits:

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

11 Impairment of non financial assets

As at each Balance Sheet, the company assesses whether there is an Indication that an asset may be impaired and also whether there is an Indication of reversal of impairment loss recognised in the previous periods. If an Indication exists, or when annual impairment testing for an asset is required. If any, the company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

12 Operating Segments

In accordance with Ind AS -108, the Operating Segments used to present segment information are identified on the basis of internal reports used by the company's Management to allocate resources to the segments and assess their performance. The Chief Operational Decision Maker (Board of Directors) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

The Company's operating business are organized and managed separately according to the nature of products, with each segment representing a strategic business unit that offers different products. The identified segments are Travel and Tourism Operations, Sales of Precious/ Semi-Precious Stones and Works contract services in relation to Construction activities

- Segment revenue includes sales and other income directly identifiable with/ allocable to the segment.

Expenses that are directly identifiable with/ allocable to segments are considered for determining the Segment result. Expenses which relate to the company as a whole and not allocable to segments are included under un-allocable expenditure.

income which related to the company as a whole and allocable to segments is included in allocable income.

Segment assets and liabilities include those directly identifiable with the respective segments. un-allocable assets and liabilities that relate to the company as a whole and allocable to any segment.

13 Earnings per Share

Basic earning per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

14 Cash Flow Statement

Cash flow statement has been prepared in accordance with the Indirect method prescribed in Ind AS 7 'Statement of Cash Flows'.

15 Dividends

Dividends and interim dividends payable to the Company's shareholders are recognized as changes in equity in the period in which they are approved in the shareholders' meeting and the Board of Directors respectively.

16 Financial Instruments

16.1 Financial Assets

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition or issue of the financial asset. Company's financial assets include trade receivables, investments in mutual funds, security deposits, cash and cash equivalents loan and advances.

Financial assets are measured at amortised cost or fair value through other comprehensive income or fair value through Profit and Loss, depending on its business model for managing those financial assets and the assets contractual cash flow characteristics.

Subsequent measurement:

Debt instruments at amortised cost:

A financial asset is measured at amortised cost if:-

`-the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and

`- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Investment in Debt

Investments in debt can be valued at amortised cost or Fair value through profit & loss.

Investment in Equity

All equity investments in entities other than subsidiaries and joint ventures are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument by instrument basis.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. The amount of cumulative gain/loss will be transferred to Statement of Profit and loss in case of sale of investment.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Company has investment in Mutual Funds which are measured at fair value through Profit and Loss and stated at Net Asset Value (NAV) at the balance sheet date. The gain or loss on sale of mutual fund units is the difference between the sale consideration (Fair Value) and carrying value as on the date of sale.

Trade Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate (EIR) method, less provision for impairment losses. The carrying amounts of short term financial assets are considered to be same as their fair value, due to their short term in nature.

In case of Crown Tour Ltd. all trade receivables are short term in nature hence they are carried at their transaction price being their fair value.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on trade Receivables, investments in mutual funds, security deposits, cash and cash equivalents loan and advances and credit risk exposure. Impairment is made on the expected credit losses, which are the present value of the cash shortfalls over the expected life of financial assets. The estimated impairment losses are recognized as a separate provision for impairment and the impairment losses are recognized in the Statement of Profit and Loss under the head other expenses.

De-recognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognised (i.e. removed from the Company's balance sheet) when:

`- The rights to receive cash flows from the asset have expired, or

`- the company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; And either

(a) The Company has transferred substantially all the risks and rewards of the asset, or

(b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

16.2 Financial Liabilities

Initial Measurement

At initial recognition, all financial liabilities other than fair valued through profit & loss are recognised initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liabilities that are carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Company's financial liabilities include trade payables, advances from customers and other outstanding liabilities.

Subsequent Measurement

Subsequent measurement of financial liabilities depends upon their classification:

i) Financial liability at amortised cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gain and Losses are recognised in the Statement of Profit and Loss when the liabilities are de-recognised as well as through the EIR amortisation process. The EIR amortisation is included as finance cost in the Statement of Profit and Loss. Since there are no borrowings in the company hence no financial liability is measured at amortised cost.

ii) Financial liability at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near period. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

De-recognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another, from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

D Use of Estimates and management judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income and expenses and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. The estimates and management's judgements are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

1 Useful life of Property, Plant and Equipment

The estimated useful life of property, plant and equipment is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the Industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Useful life of assets is determined in accordance with Schedule II of the Companies Act, 2013. The Company reviews at the end of each reporting date the useful life of property, plant and equipment.

2 Recoverable amount of Property, Plant and Equipment

The recoverable amount of Property, Plant and Equipment is based on estimates and assumptions regarding in particular the expected market outlook and future cash flows associated with the property, plant and equipment. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

3 Provisions and Contingencies

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events requires best judgment by management regarding the probability of exposure to potential loss. If circumstances change following unforeseeable developments, then this likelihood could alter.

4 Income Taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets/liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

5 Impairment of Financial assets

The impairment Provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

B) Financial risk management**Financial risk management**

The Company's Financial Risk Management is an integral part of how to plan and execute its business strategies. The Company's financial risk management is set by the Managing Board of Directors.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as investment price risk and commodity risk.

Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments.

Credit Risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

Risk Management framework

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

Risk management is carried out by the risk management committee under policies approved by the board of directors. The risk management committee identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The board provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, and credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

1. Market Risk

Interest Rate Risk

Interest rate risk is the risk that the fair value of the future cash flows of the financial instrument will fluctuate because of changes in market interest rates. In order to manage the interest rate risk, Risk Management committee performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed interest rate and floating rate financial instruments in its total portfolio.

The company does not have any significant market risk in view of the financial instruments held by the company.

Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and ageing of accounts receivable.

3. Liquidity Risk

The Company's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements.

The Group is not exposed to liquidity risk. It has surplus funds with banks and does not anticipate any problem in obtaining external funding in the foreseeable future when the need arises.

The following are the contractual maturities of non-derivative financial Liabilities, based on contractual cash flows:

Note No. 35. Disclosure as per Ind AS 113 'Fair Value Measurement'

Fair Value Hierarchy

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value Measurement as a whole:

Level 1- Level 1 hierarchy includes financial instruments measured using quoted prices. This Includes listed equity instruments that have quoted price. Listed and actively traded equity instruments are stated at the last quoted closing price on the National Stock Exchange of India Limited (NSE).

Level 2- The fair value of financial instruments that are not traded in active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3- If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of the financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments. This level includes foreign exchange forward contracts and investments in unquoted equity instruments.

There has been no transfer in either direction in this year or the previous year.

Note '51': Other disclosure:

51.1 a. COVID-19 outbreak conditions were existing on the reporting date March 31, 2021 and its has adversely impacted the business of the company due to cancellation of bookings by tourists from beginning of March 2020 itself which is generally the closing month of the peak tourist season. Similarly, due to spread of disease and lockdown, the demand for jewellery also declined from March 2020 onwards. The company continued to incur fixed costs including employee cost, hence the profitability has also effected, although since the company is a debt free it will not impact its sustainability.

The Company has used the principles of prudence in applying the judgments, estimates and assumptions to assess the potential impact of COVID-19 based on prevailing circumstances and expects no significant impact on the continuity of its operations on long term basis. Although, the company is evaluating the situation on an ongoing basis with respect to the challenges faced. The company is also exploring other areas of operations such as Infrastructure, Mining, Online Travel platform etc.

b. The company had advanced Intercompany loans amounting to Rs 25,500 thousands during the FY 2016-17 to companies belonging to a group. Initially the interest was served/ acknowledged on such loans by these companies and as per the information available, the TDS on such interest was also deducted by these companies till 31.03.2019. For the financial year 2019-20 and thereafter, there is no intimation/confirmation regarding the due interest and TDS deducted thereon by these companies to whom loans was advanced. The company has written several times to these companies for the payment of the due interest along with principal amount of loan. However, in the current scenario post March 2020, these companies have not provided any intimation/confirmation of the due interest and TDS thereon and thus defaulted in loan servicing. Looking to the prevailing adverse economic situation and non-payment/confirmation of the due interest and principal amount of loan, the company has initiated further actions for recovery of the dues. On account of above reasons of default/past dues and considering prudence, in accordance with applicable Ind AS expecting a credit Impairment, the management has decided to make impairment provision of Rs 25500 thousands against such loans and of Rs 7140 thousands against due interest (total Rs 32640 thousands). The same has been disclosed as an exceptional item in the statement of profit and loss.

Considering above, the due interest for the quarter ended 31.03.2021 of Rs 638 thousands has not been recognised on said loans and the interest already recognised during the current financial year upto 31.12.2020 of Rs 1912 thousands has been derecognised. As a result the interest for the current financial year of Rs 2550 thousands has not been accounted for as income.

As per the provisions of Income Tax Act 1961, the above loss is not a tax deductible item and accordingly there is no temporary tax difference, hence no deferred tax has been recognised as per provisions of IND AS 12.

51.2 Figures of the current and previous year have been rounded off to the nearest rupees in lacs.

- 51.3** The carrying amount of short term trade receivables/payables and other financial assets/liabilities are considered to be same as their fair values due to their short-term nature.
- 51.4** The fair values of borrowings were calculated based on cash flows discounted using current discount rate.
